Innovation Center California
(West North America, Australia, and New Zealand)

Early-Stage Collaborations Across Pharmaceutical, Medical Device and Consumer Health Sectors

If you are seeking a collaboration or investment to advance your innovative solution to improve human health, make the connection with our Johnson & Johnson Innovation team. Our regional Innovation Centers are located around the globe in the life science hot spots of Shanghai, Boston, South San Francisco and London. Each Innovation Center houses science and technology, dealmaking, and investment experts, offers a range of potential deal structures, and can contribute a variety of resources from across our company, including:

- Early-stage research funding
- Licensing and collaborations
- Financing from Seed to Series B equity investments
- Cross-sector expertise
- International markets expertise
- Pricing and reimbursement
- Preclinical, manufacturing, and clinical expertise

The teams located at the Johnson & Johnson Innovation Center are interested in building relationships with regional entrepreneurs at startup companies, universities and institutes who are developing early-stage innovations that are pre proof of concept in humans across **Pharmaceuticals, Medical Devices and Consumer Health sectors.**
