Early-Stage Collaborations Across All Sectors

If you are an early-stage biopharmaceutical, medical device, or a consumer company seeking a collaboration to advance a program which is pre-proof of concept in humans, make the connection with our Johnson & Johnson Innovation team. Our regional Innovation Centers are located around the globe in the life science hot spots of Asia Pacific, Boston, California and London. Each Innovation Center houses science and technology experts and has full and broad dealmaking capabilities, with flexibility to adapt deal structures and bring together resources from across our company, including:

- Early-stage research funding
- Licensing and collaborations
- Financing from Seed to Series B equity investments
- Cross-sector expertise
- International markets expertise
- Pricing and reimbursement
- Market testing

The teams located at the Johnson & Johnson Innovation Centers are interested in building relationships with regional entrepreneurs at startup companies, universities and institutes who are developing early-stage innovations that are pre-proof of concept in humans across Pharmaceuticals, Medical Devices and Consumer sectors.
